

INDIA OF IDC (2015)

BY
VICKY & AKVIL SAKHRE

IDC has students from all over the country. We have mapped the distance of every student's home from IDC. What emerges as a result of this mapping is India of IDC. Departments of each student have been colour coded as follows:

Product design
Visual Communication
Animation
Interaction Design
Mobility and vehicle design

Woolen threads are for boys while the shiny threads are for girls.
